## Gap Plus

### What is Kaelo Gap?

Gap cover is a short term insurance product that helps you cover certain cost shortfalls that your Medical Scheme does not cover.

### Why Choose Kaelo Gap?

The high cost of specialist treatments and above-inflation increases means that more people are at risk of being left behind and excluded from the quality medical care they need and deserve.

Kaelo Gap gives you the freedom to choose whichever Doctor or specialist will give you the best care, regardless of your Medical Scheme, regardless of rates.

We have you covered for the best care, without the stress of having to worry about additional bills.
